

Stillbirth Centre of Research Excellence Pre-Congress
Friday 3rd March 2023 12:30-17:30
Best practice care around stillbirth and neonatal death

The Stillbirth CRE pre-congress meeting will focus on how to provide best practice care around stillbirth and neonatal death. Hear from parents and clinicians and researchers on how to improve bereavement care. This session will have a special focus on cultural safety and inclusiveness, top tips on how to have conversations with parents around stillbirth investigations, and how best to support parents and families. Participate in our interactive panel and learn about new resources available to support best practice care in Australia.
